The Plus in Security

Anti-theft security for 'on the road'

SecuSaver Centro

Of course it's safer to take all your valuable goods with you. But what if that's not possible and you have to leave them in the car?

How about securing them to the seatbelt? You trust it with your life, so why not trust your bag or suitcase with the contents you value so much to it? All you need for this is a SecuSaver Centro. This unique, patented product connects everything – which you fear for might be stolen from your car – inextricable to the seatbelt.

So next time, what will you do when you get into your car with your handbag or laptop bag? That's right: secure them to the seatbelt. And with what? With the SecuSaver Centro, of course!

Code	Product	Price
03010	SecuSaver Centro type A	€ 150,00

SecuSaver Stelvio

A beautifully designed case with a steel cable or a mobile safe? It is your call...

Fact is that the SecuSaver Stelvio serves all sorts of purposes; whether you are on the road for work with your laptop, or on holiday with your car, boat, caravan or campervan. It is no longer a question where you should leave all these things that you value so much.

The SecuSaver Stelvio is the ideal solution for all these situations. Wherever possible you can use the (optional) SafeCase. And if that is not possible? Then you can use the SKG certified steel cable that is included in the delivery.

Code	Product	Price
03001	SecuSaver Stelvio 12"	€ 150,00
03004	SecuSaver Stelvio 15.4"	€ 200,00
	Available in black, white and saddlebrown	

SecuSaver SafeCase

Sometimes an "extra coat" doesn't only keep you warm, but it is just very very sensible to carry it with you.

The same goes for the SecuSaver SafeCase. Fitted in the boot of your car, somewhere in the caravan, boat, campervan or just at home or at the office; this is the coat you would want to have with you.

Code	Product	Price
03002	SecuSaver Stelvio 12" with SafeCase	€ 210,00
03005	SecuSaver Stelvio 15.4" with SafeCase	€ 250,00
03003	SafeCase only	€ 75,00

SecuSaver Centro in de practice...

Some products are so obvious that you wonder why they were not invented years ago. Still SecuPlus is the first manufacturer to bring the seatbelt lock on the market. Simple at first sight, but very efficient and can be fitted within seconds.

Laptop security

LaptopSaver

This product needs no introduction. The LaptopSaver enables you to secure your laptop quickly and easily to your workplace (either temporary or permanent). Whether used on the road, at school or in the office, laptops should never be left unattended. Opportunity makes the thief!

- composite flexible and plastic coated steel cable
- cable length 1,5m, diameter of approx. 4.5-5mm
- user-friendly thanks to the easy installation
- easy to take along in a laptop bag
- fits in security slots found on 99% of all laptops
- available with customised key options
- master key system available within 48 hours!

Code	Product	Price
01001KD	LaptopSaver KD	€ 25,00
01025MK	LaptopSaver MK 25 pack with 1 masterkey	€ 750,00
01001MK	Extra LaptopSaver MK for a 25 pack	€ 30,00

SecuSaver XS

Next to mobile phones laptops are at the top of any thief's or receiver's wish list. And over half of all thefts takes place during the day at the workplace; after all, opportunity makes the thief!

That's why we designed the SecuSaver. It prevents your laptop from being stolen in a revolutionary way.

It looks like a docking station. And actually it is. But although it can be fix-mounted to the desk with screws. It also can be used with the steelcable that comes with the SecuSaver. The choice is yours!

Code	Product	Price
17445KD	SecuSaver XS SaveLine (265mm)	€ 49,50
	Upcharge Pro version (SKG* certified)	€ 3,00

SecuSaver M/L & XL

SecuSaver is the only right solution for anybody looking for the ultimate laptop security system at school, in shops or at the office.

SecuSaver (in the Pro version) is still the first and only laptop security system with an SKG* certificate. But SecuSaver is just as easy to use as any "normal" laptop lock you would already use on the road.

The unique, lockable SecuSaver docking station can be used with or without the steel cable.

Code	Product	Price
17445KD	SecuSaver M SaveLine (365mm)	€ 49,50
17445KD	SecuSaver L SaveLine (420mm)	€ 49,50
	Upcharge Pro version (SKG* certified)	€ 3,00

SecuSaver in practice...

Don't be put off by the solid appearance of the SecuSaver. It only takes a few seconds of your time and it is not any more difficult to use than a "normal" laptop lock, but it does make theft much more difficult!

Computer security in practice...

SecuPlus invented the clever SecuClip method*. A clever, but extremely strong way to make use of the built-in security slot in practically all computers, monitors and projectors.

*SecuClip is a patented and registered product.

Computer security

FlatscreenSaver

Innovative and strong anti-theft system to secure all equipment that is equipped with a built-in security slot.

Thanks to the robust 7mm cable and the innovative SecuClip, computer security has become as simple as locking a bicycle.

The (double locking) 35mm padlock has an attractive bumper to protect the equipment from being scratched.

Available from stock with all key systems.

Code	Product	Price
17010	FlatscreenSaver SaveLine (7mm cable)	€ 24,50
19010	FlatscreenSaver SaveLine Pro (9mm cable)	€ 26,50
	Upcharge KA system	€ 4,50

PC-Kit II

Anti-theft set, using the security slot which is built into most computers and practically all monitors.

With the specially selected parts from this set both the system casing and the monitor can be secured to the workplace very easily.

- complete and user-friendly anti-theft set
- easy to install yourself
- clear English directions for use
- standard with 1.8m long 7mm cable
- also available with 9mm cable (upcharge)
- available from stock with key options

Code	Product	Price
17502	PC Kit II SaveLine (7mm cable)	€ 29,50
19502	PC Kit II SaveLine Pro (9mm cable)	€ 31,50
	Upcharge KA system	€ 4,50

SecuLock II ProLine

The superlative of computer security is called SecuLock. Just that bit stronger and just that bit more thickness, those are the features of this SKG* certified security product.

SecuLock cleverly uses the security slot found in more and more appliances.

Installation is child's play: you loop the 9.5mm cable to the desk, you clip the patented SecuClip in the security slot and you close the chain with the 40mm padlock, included in the delivery.

Code	Product	Price
15220	SecuLock II ProLine (SKG* certified)	€ 35,00
	Upcharge KA system	€ 4,50
	Also available with a red coloured cable (no upcharge)	

PC enclosures

SecuLocker DT | SFF

This type of SecuLocker is suitable for desktop computers. Depending on the size of your computer we supply an adjusted or a universal model.

It is a complete security system with two unbreakable first-class SecuPlus padlocks, a 9mm thick security cable and a SecuClip (to secure the monitor).

This SecuLocker can be mounted - without adjustment - as per your personal preference: standing on top of, or hanging underneath the desk.

Code	Product	Price
15501	SecuLocker DT (H160xW430xD465)	€ 125,00
15599	SecuLocker SFF (dimensions requested)	€ 125,00

SecuLocker MT | SV

The largest SecuLocker. Especially designed for the larger (mini) tower computers and servers. Available in several sizes (see product range).

Comes with a 9mm thick security cable and a SecuClip providing an anti-theft system for both, computer and monitor.

Likewise this type of SecuLocker can be mounted both horizontal (on the work surface or floor) and vertical (hanging underneath the work surface).

Code	Product	Price
15502	SecuLocker MT (H435xW205xD465)	€ 125,00
15504	SecuLocker TW (H435xW225xD500)	€ 150,00
15505	SecuLocker SV (H535xW225xD500)	€ 150,00

SecuLocker M2M

You have chosen the SecuLocker Uni but the size of your computer does not correspond with the standard assortment? Our solution is a made to measure SecuLocker, even still providing you with all benefits and properties of a standard SecuLocker.

The possibilities are almost unlimited; from a lockable front- or rear side to a SecuLocker in your own specific company colour.

For more information, please do not hesitate to contact us.

Code	Product	Price
15599	SecuLocker M2M	a.o.d.
	Upcharge extra front panel	a.o.d.
	Upcharge any RAL colour	a.o.d.

SecuLocker in practice...

For some of our customers the flexible installation possibilities of the SecuLocker are even more important than the security.

Convince yourself of the ease with which you can suspend your computer under the desk. The possibilities are endless and are often already part of the standard version of the SecuLocker.

Projector security in practice...

SecuPlus projector security solutions are unique in price and performance. It's not without reason that professionals choose SecuPlus for projector cages!

Every projector can be mounted in a SecuPlus BeamerLocker, thanks to the universal mounting pattern of the drawer.

SecuPlus projector cages are provided with a drawer that can be pulled out. Making changing filters or bulbs an easy to do job!

One or two high security SecuPlus locks are included with a BeamerLocker.

Beamer/projector security

BeamerLocker Pro

The only genuine solution for permanent anchoring projectors at the workplace is BeamerLocker Pro.

This robust steel safe is designed specifically for anchoring projectors permanently to the work station. The 3 standard sizes render BeamerLocker Pro suitable for all brands and types of projectors.

The attention we have lavished on the design shows that security can look good too. BeamerLocker is available in black as a standard. Other colours are also possible, of course.

Code	Product	Price
08201	BeamerLocker Pro XS (H120xW305xD305)	€ 125,00
08201	BeamerLocker Pro S (H135xW345xD380)	€ 125,00
08201	BeamerLocker Pro M (H135xW380xD380)	€ 125,00

BeamerLocker Max

Well-designed, universal application, height-adjustable and above all, secure. Just a few keywords which describe a BeamerLocker Max.

If a security cable is not quite strong enough, and a safe is over the top, then BeamerLocker Max is the ideal solution.

BeamerLocker Max is available in silver or white as standard. Other colours are also possible, of course.

Code	Product	Price
08101	BeamerLocker Max, silver RAL 9006	€ 150,00
08101	BeamerLocker Max, white RAL 9010	€ 150,00
	Upcharge KA system	€ 4,50

BeamerLocker Pro III

Designed for and by professionals. With a number of unique features, each based on practice and on years of experience. SecuPlus developed what may well be the best projector cage ever, at the request of and in cooperation with large universities.

The mounting pole provided as standard is height-adjustable over a length of approx. 20cm, and if this is insufficient, you can easily shorten the pole yourself. As well as the built-in height adjuster, there is also a built-in facility for rotating and tilting.

The locking mechanism of the BeamerLocker Pro III uses 2 strong steel strips. The strips in turn are locked with 2 45mm SecuPlus locks (provided).

Code	Product	Price
08501	BeamerLocker Pro III (H140xW375xD380)	€ 375,00
08601	BeamerLocker Pro III XL (H210xW500xD425)	€ 450,00
	Upcharge KA system	€ 4,50

Locks and keys in practice...

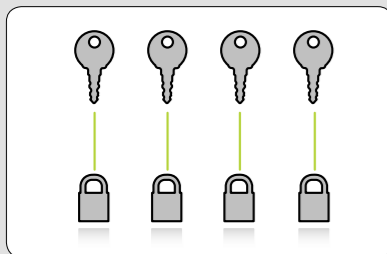

In principle all locks have different key numbers. In practice this might be a safe solution, but (especially with larger numbers) also a very unpractical one.

That's why SecuPlus lets you choose from three different locking options, enabling you to stay in control of your security system, but, as you are accustomed to with SecuPlus, without any difficult limiting conditions.

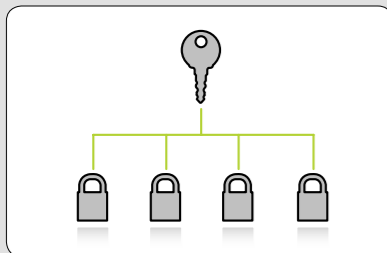

SecuPlus supplies key options:

- from stock
- often without restrictions
- re-ordering possible

Security cables, locks & anchoring points

SecuPlus security cables

We have them in all sizes, colours and kinds. From the simple but handy thin cables that are used for laptop locks to the mega strong, SKG certified 12mm thick high security cables.

Standard colours

Standard diameters Ø4.5 Ø6 Ø7 Ø9.5 Ø12mm

SecuPlus cables can be obtained in any desired length. Below you find some price examples of standard cables. Contact us if you can not find your specific security cable.

Code	Product	Price
43125	XL Cable 125 (6mm cable, 1,25m length)	€ 9,50
47180	SaveLine Cable 180 (7mm cable, 1,8m length)	€ 14,00
45200	ProLine Cable 200 (9mm cable, 2m length)	€ 18,00
46200	ExtremeLine Cable 200 (12mm cable, 2m length)	€ 30,00

SecuPlus padlocks

The well-known padlock is a crucial component of many SecuPlus anti-theft sets.

SecuPlus is very conscious about using solely padlocks from her own brand. This way we can guarantee quality and be sure that the right type of lock is used in the right place.

We feel that besides quality the possibility and availability of key systems are great importance too. That's one of the reasons why many of our customers choose SecuPlus over and over again.

Code	Product	Price
59022	SecuPlus Lock I	€ 5,50
59033	SecuPlus Lock II	€ 5,50
59034	SecuPlus Lock III	€ 12,50
59035	SecuPlus Lock V	€ 13,50
	Upcharge KA system	€ 4,50

SecuPlus anchoring points

Essential component of anti-theft security systems alike the cable and padlock. SecuPlus can supply you with a large range of anchoring points that allows fixing a security cable to the equipment.

Up till recently the 'glue on plates' were the most commonly used anchoring points. Nowadays other kind of anchoring points are often preferred.

Anchoring points such as the patented SecuClip and the well-known UniLocks can be installed in seconds while making use of existing security slots or screwholes in the equipment.

Code	Product	Price
49005	SecuClip XL	€ 5,00
49122	UniLock Pro set (2 pc)	€ 10,00
59550	SecuPlate XL set (2 pc)	€ 13,50
